Warren, MI 48091

March 1st – 2nd, 2023

7:00AM – 2:00PM

March 3rd, 2023

Gauged Porcelain Tile Panel Training

COURSE OVERVIEW

Construction schedules are at a faster pace than ever before, creating value in Fast Track or Rapid Setting Tile Installation Systems.

The curriculum will focus on a complete tile installation system incorporating early strength/rapid setting materials for surface preparation (walls/floors/showers), waterproofing, tile setting (walls/floors), grouting and movement joints over a consecutive two-day session. Current standards awareness & competency, proper installation procedures, assembly selections & review, project conditions variables and scheduling will enable the student to execute standard FTS installation systems in the field with the knowledge gained.

REQUIRED TEXT

TCNA Handbook – most current edition

ANSI A108, A118, AND A136 – most current edition

Course review at the end of each day's session

RESOURCES

Instructors, Hands-on Installations and Text provided,

With the main goal and focus on Rapid Setting Tile Installation Systems

Surface Prep

- ❖ Self-Leveling Underlayments
- ❖ Primers
- ❖ Mud Bed & Patching Compounds
- ❖ Waterproofing membranes

Tile Setting Walls & Floors

- ❖ Rapid Setting Mortars

Grout Materials & Movement Joints

- ❖ High Performance Grouts
- ❖ Single-Component Grouts
- ❖ Caulk & Sealants
